

To Whom It May Concern:

Our stroke support group had the utmost pleasure of having Mark Lemohr host our June 2023 meeting and it was an absolute success. Our members were very engaged and enlightened by the end of his Energy Healing Session. Knowing he had so much more to offer to our group, we have decided to invite him our September 2023 meeting.

He has a great personality and the gift of engaging his audience. You can hear the passion for his craft when he speaks. Hearing the reaction from our stroke participants we have no doubt that Mark would be an asset to your groups as well.

Best regards,

Tina Rolston-Duncan, FNP-C
